Position Type: Intern

### **#ProGlove**

At ProGlove, we're tackling one of the biggest challenges of our time: shrinking and aging workforces in industries that can't simply automate their way forward. Most companies will rely on human workers for decades to come — and we build the technology that keeps those people safe, healthy, and hyper-efficient.

Our wearable solutions and AI-powered tools empower frontline workers, extend careers, and create smarter, more resilient shopfloors. By joining ProGlove, you'll help shape the future of connected work at the intersection of people, technology, and industry transformation.

### **#Your Mission**

Your mission is to learn and contribute to the core of our commercial engine — ensuring data quality, supporting enablement initiatives, and helping transform how our sales teams work and collaborate globally.

### **#TASKS**

- Work with tools like **Salesforce, Clari, and Confluence** to manage data, reports, and enablement materials.
- Support **data quality** in Salesforce, helping the team make accurate business decisions.
- Help maintain and organize **training and onboarding materials** used by the global sales team.
- Assist in creating **reports, dashboards, and templates** that support daily sales operations.
- Coordinate **meeting notes, follow-ups, and documentation** to keep projects on track.
- Take part in **ongoing sales transformation projects**, gaining hands-on experience with process improvement and commercial operations

### **#YOU**

- Final-year student or recent graduate in **Business, Economics, Management**, or a related field.
- Strong interest in **Sales Operations, Enablement, and Commercial Processes**.
- Good command of **English** (spoken and written); **German** is a plus.
- Comfortable working with **Excel / Google Sheets** and eager to learn tools like **Salesforce, Clari, and Confluence**.
- Detail-oriented, organized, and curious to understand how data and processes drive business decisions.
- Proactive, collaborative, and motivated to learn in a dynamic international environment.
